 - h. Uniformity of nature

2. Intelligent Design
 - a. The earth
 - b. Water
 - c. The Universe
 - d. Intelligence

3. Moral foundation of the world

How is God different from Allah?

Questions:

1. Have you struggled with doubts of God's existence?
2. What did you hear today that was surprising to you?
3. Have you been confronted with arguments against the existence of God? How did you respond? What was the biggest challenge to making a defense of your belief in God's existence?
4. Dialogue in groups of two or three, with one person being the skeptic and the other being the advocate for the existence of GOD. Reverse roles and do this again.
